

BEAUTY AND FUNCTION

GlassArt Design provides dozens of unique patterns for applications such as shower stalls or office dividers. Pattern glass is in-stock and manufactured in factories to conform to a consistent texture or pattern. Other applications include:

- doors
- ledged panels
- kitchen backsplash
- sidelights
- partitions
- cabinet door inserts
- insulated units
- tabletops
- window overlays
- lighting sconces
- vanity tops
- water features

GlassArt Design creates and installs custom glass products for residential and commercial glass applications and has the largest selection of custom glass products in Minnesota. Call or come visit us today.
