

Display your commitment to your most valuable resource with the solid permanence of tempered glass.

CASH WRAPS • BANK TELLERS • SERVICE COUNTERS

Protection: Decreases risk of being exposed to airborne droplets from viruses, colds and flus, etc.

Non-porous: CPS Glass surface won't allow germs to collect in pores and scratches like Plexiglas.

Easy to maintain: Simply clean CPS Glass shields with virtually any surface cleaner and paper towels. Most standard cleaning products cause Plexiglas to become cloudy and paper towels cause scratching.

Scratch resistant: CPS Glass is very difficult to scratch, unlike Plexiglas. Germs can build up in Plexiglas scratches.

Value: CPS Glass will likely never need replacement, whereas Plexiglas will have to be replaced routinely due to clouding and scratches.

Eco-friendly: CPS Glass can be recycled. Plexiglas cannot be recycled.

PACKAGE OPTIONS PRICING
 glass size: 36" x 42".... \$359
